This applies also to entertainment programmes around core elements (e.g. changes in the entertainment around the athlete's and/or bib numbers' presentation). However, once the EVENT Programme has been finalised, approved by FIS, LO shall use all its very best efforts to implement in full including the elements which have only entertainment purposes and for which no binding commitment exists.

24. TERMINATION AND CONSEQUENCES OF TERMINATION

FIS may terminate this agreement forthwith by giving written notice to LO and NSA in the event that:

- (a) NSA or LO (or any of them) commit a material breach of this agreement and, in the case of such breach being capable of remedy, does not remedy such breach within thirty (30) days of being given notice in writing specifying the breach and requiring it to be remedied. This deadline can be shortened if circumstances so require.
- (b) Any of the representations and undertakings given by NSA or LO prove to be untrue or inaccurate or are not respected and given full force and effect by or on behalf of NSA or LO;
- (c) circumstances arise (such as, by way of example but not limitation financial situation of LO, war or civil disorder, change in the political environment) such that FIS believes that the successful organisation of the COMPETITIONS and/or the safety thereof would be threatened or jeopardised in any way.

If the cause of termination consists of a breach by NSA or LO of their obligations or undertakings which FIS can remedy by acting itself or by having a third party acting instead of NSA or LO, FIS shall have the right, at its sole discretion, not to terminate this agreement and to have the breach thus reme-

died. In such case, FIS shall be entitled to claim reimbursement of any appropriate cost incurred in this respect.

NSA or LO may terminate this agreement forthwith by giving written notice to FIS in the event that FIS commits a material breach of this agreement and, in the case of such breach being capable of remedy, does not remedy such breach within thirty (30) days of being given notice in writing specifying the breach and requiring it to be remedied. This dead-line can be shortened if circumstances so require.

The right to terminate this agreement shall in any event be without prejudice to any other right or remedy of the parties.

FIS agree to protect, indemnify and hold harmless NSA and/or LO from and against any and all liabilities, damages, costs and expenses (including reasonable legal fees) whatsoever and from any claims, actions or judgements whatsoever (whether brought or threatened) arising directly or indirectly out of or in any way connected with claims linked with FIS' acts or omissions in connection with the organisation and staging of the EVENT (or any part or aspect thereof) where such acts or omissions are in breach of FIS obligations and duties pursuant to this agreement.

26. WAIVER

TEXT TO BE APPLIED IN CONNECTION WITH PERSONS WHICH ARE NOT BEARERS OF A FIS SEASON ACCREDITATION.

TO BE INSERTED IN THE LOCAL ACCREDITATION APPLICATION FORM AS AN OPTIONAL PART TO BE APPLIED TO PERSONS WHO ARE NOT BEARERS OF A FIS SEASON ACCREDITATION OR, ALTERNATIVELY, IN A SEPARATE FORM TO BE FILLED IN BY THE SAME:

The undersigned person who is not bearer of a valid FIS season accreditation has applied for an accreditation for the **FIS Grand Prix Ski Jumping**, to be issued by the [LO]. (This 1st paragraph is needed only if the following text is not included in the local accreditation application form as additional part to be filled in).

Valid accreditation to the [EVENT] for persons who are not bearers of valid FIS season is subject to a corresponding valid FIS ad hoc accreditation to which the following terms and conditions apply:

- the undersigned hereby expressly confirms that he/she is not under a sanction of ineligibility issued by FIS or by an entity the decisions of which are to be recognised by FIS in accordance with FIS Rules and in particular the FIS Anti-Doping Rules, as no valid accreditation can be issued in such case, respectively, any accreditation already granted at the time such sanction becomes effective will automatically become void.
- the undersigned understands that a valid FIS ad hoc accreditation and its clearance is a condition for a valid accreditation at the [EVENT] but does not replace the accreditation issued by [LO] nor give him/her an absolute right to obtain access to any controlled areas. Such access can at any time be restricted or prohibited by specific instructions of the FIS or the [LO], without limitation for safety, capacity or other reasons.
- the undersigned confirms that he/she will attend the [EVENT] in the specified function for which he/she is applying for accreditation and will not use the accreditation for other purposes.

- The undersigned further accepts that he/she may be responsible for any damage or injury he/she is causing. In this respect, he/she understands that, unless he/she is covered by the general civil liability insurance of [LO] as a result of his/her specific function either within the Organising Committee or in application of the ICR, he/she is not covered by such insurance and he/she is, therefore, obliged to have an appropriate civil liability insurance of his/her own.

- The undersigned undertake to behave properly at all times and to abstain from any act or behaviour which interferes with the proper organisation of the [EVENT], including without limitation to use its accreditation for purposes which are in conflict which are in conflict with legitimate activities authorised by FIS and/or the [LO] (e.g. unauthorised commercial or media activities).

The undersigned person acknowledges and accepts that failure to comply at any time with any of the above terms and conditions may lead to withdrawal of the FIS ad hoc accreditation.

Any issue related to the application, grant, denial, withdrawal, validity or content of a FIS ad hoc accreditation is governed by the FIS Rules and, subsidiarily, Swiss law.

Without limitation to the jurisdiction of any body of competent jurisdiction in connection with the application of the FIS Rules to which the undersigned may be submitted, any dispute which is not to be adjudicated in application of specific procedures provided for by the FIS Rules, but which arises between such accredited person and the FIS and/or the organiser, including but not limited to issues linked with application for grant, denial, withdrawal, validity or content of the FIS ad hoc accreditation or claims for damages of either party against the other arising out of occurrences (acts or omissions) linked with the use of such accreditation shall be exclusively settled by arbitration before the Court of Arbitration for Sport ("CAS") in Lausanne in accordance with the CAS rules then in effect.

EXHIBIT 6: FIS GRAND PRIX LOGO

1. INTRODUCTION

The FIS Grand Prix represents a “world-programme” and therefore it is necessary to have an international appearance with internationally equal elements. Many FIS Grand Prix Organising Committees have made great efforts in this regard.

- 1.1. These specifications form the base document for everyone working on the designing. FIS is at your disposal for complementary information, logos, etc.
- 1.2. The FIS Corporate Identity (CI) has to be taken into consideration precisely and corresponding to the specifications for the overall-appearance. This applies for the official title of the FIS Grand Prix logo as well as for the design of all advertising and information means and other print materials e.g. start- and ranking list, accreditation, etc.

2. COMMENTARY TO THE SPECIFIC ITEMS

- 2.1 Title of the event
“FIS” always has to be used in connection with the title “Grand Prix”, e.g.
 - FIS Grand Prix.
- 2.2 FIS Grand Prix Logo
Additionally to the Grand Prix logo it is certainly possible to create a „FIS Grand Prix Design“ for the particular site, which can be used as e.g. background for the accreditation or for posters, etc.

3. EVENT SITES / COMPETITION AREA

Attractive presentation elements, which comply with the FIS CI principles should be used in the proven way at the event sites as well as in the competition area.

The FIS Grand Prix logo and the official title have to be taken into consideration on the following elements (in addition to the sport-specific elements):

- flags
- signage for the FIS Grand Prix at the site entry
- large entry-gate at the competition area
- other signage boards

4. ADVERTISING AND INFORMATION MEDIUM

The FIS logo and the FIS Grand Prix logo have to be placed on all advertising and information medium as well as the indication to the FIS Grand Prix.

Basically the FIS Grand Prix logo and the official title have to appear in an attractive way on the following:

- Bulletin
- Invitation
- Posters
- Stickers / Car labels
- Start / Intermediate / Result lists and Analyses
- Accreditation
- Sign-boards, Info-overview

Beside an attractive design of the poster through a photo or graphic, the following "logo groups" are to be included:

Official logos (left or right on the top):

- FIS logo
- logo of the NSA
- logo of the Ski Club

FIS Grand Prix (on the free side on top):

- FIS Grand Prix logo
- Site and region

Sponsors / partners (on the bottom in a ledge):

- Event sponsors
- FIS Grand Prix logo
- Data & Timing Partner
- Advertising Agency
