EXHIBIT 2: APPLICABLE FIS ANTI-DOPING RULES

The following information is an extract from the PROCEDURAL GUIDELINES TO THE FIS ANTI-DOPING RULES relating to the costs and logistical requirements for anti-doping controls:

FIS.C IN-COMPETITION TESTING

- FIS.C.1 In-Competition Tests will be carried out by a specialist Doping Control Agency appointed by FIS at selected FIS World Cup competitions in Alpine Skiing, Cross-Country, Ski Jumping, Nordic Combined, Freestyle and Snowboarding in accordance with the FIS Anti-Doping Rules.
- FIS.C.1.1 FIS pays for the Doping Control services carried out by the specialist Agency, whilst the local Organising Committee will be responsible for the logistical costs of the Doping Control Officers on site, including accommodation and meals for two to four persons depending on whether urine and blood Testing will be carried out, as well as the provision of Blood Collection Officials (nurses) for blood testing (see FIS.B.5.2 for details of provision of Blood Collection Officials).
- FIS.C.1.2 The specialist Doping Control Agency will identify where In-Competition Testing is carried out and make direct contact with the Organisers in regard to the logistical arrangements.
- FIS.C.1.3 All Doping Control Officers and Chaperones require the necessary (neutral) accreditation to access the relevant areas to accompany the athlete.
- FIS.C.1.4 At other FIS events, In-Competition Testing organised by the National Anti-Doping Agency (including other FIS World Cup events) and the costs thereof remain the responsibility of the Testing Organisation (National Anti-Doping Agency), the Organising Committee or the National Ski Association depending on the national arrangements.
- FIS.C.1.5 FIS will cover the costs of additional doping controls carried out at the FIS World Ski Championships, over and above the requirements for the 6 in-competition controls per event that are paid for by the Organising Committee. Consequently, the Organisers can accurately budget for the testing and related services, whereby FIS can ensure even at short notice that new tests and methods are included in the testing programme of the Championships.

FIS.C.3 Facilities, Equipment and Personnel

FIS.C.3.1 Doping Control Station

The Organiser shall provide a Doping Control Station that is used solely as a Doping Control Station for the duration of the event, situated near to the location where the press conference is taking place (finish area, press conference vicinity) and is clearly marked, where urine and blood Sampling can be undertaken. The Doping Control Station must consist of a waiting area, a working room and toilets (men and ladies).

- FIS.C.3.2 Sealed refreshments (mineral water, soft drinks, fruit juice, etc.) must be available in the waiting area. These drinks should only contain water, minerals, sweeteners and carbohydrates. It is recommended that the Doping Control Station is also equipped with running water and TV set.

The Doping Control Station shall be adequately equipped and facilities to allow the Doping Control Officer(s) and Blood Collection Official(s) to wash his/her hands and fulfil usual medical standards.

FIS.C.3.5 Chaperones and Coordinator

The Organiser shall provide a sufficient number of Chaperones (six to eight per competition are normally required) to accompany the Athletes after they have been selected to undergo a Doping Control. Such access can at any time be restricted or prohibited by specific instructions of the FIS or the [LO], without limitation for safety, capacity or other reasons.
- the undersigned confirms that he/she will attend the [EVENT] in the specified function for which he/she is applying for accreditation and will not use the accreditation for other purposes.

EXHIBIT 5: FIS GRAND PRIX LOGO

1. INTRODUCTION

The FIS Grand Prix represents a “world-programme” and therefore it is necessary to have an international appearance with internationally equal elements. Many FIS Grand Prix Organising Committees have made great efforts in this regard.

- 1.1. These specifications form the base document for everyone working on the designing. FIS is at your disposal for complementary information, logos, etc.
- 1.2. The FIS Corporate Identity (CI) has to be taken into consideration precisely and corresponding to the specifications for the overall-appearance. This applies for the official title of the FIS Grand Prix logo as well as for the design of all advertising and information means and other print materials e.g. start- and ranking list, accreditation, etc.

2. COMMENTARY TO THE SPECIFIC ITEMS

- 2.1 Title of the event
“FIS” always has to be used in connection with the title “Grand Prix”, e.g.
 - FIS Grand Prix.
- 2.2 FIS Grand Prix Logo
Additionally to the Grand Prix logo it is certainly possible to create a „FIS Grand Prix Design“ for the particular site, which can be used as e.g. background for the accreditation or for posters, etc.

3. EVENT SITES / COMPETITION AREA

Attractive presentation elements, which comply with the FIS CI principles should be used in the proven way at the event sites as well as in the competition area. The FIS Grand Prix logo and the official title have to be taken into consideration on the following elements (in addition to the sport-specific elements):

- flags
- signage for the FIS Grand Prix at the site entry
- large entry-gate at the competition area
- other signage boards

4. ADVERTISING AND INFORMATION MEDIUM

The FIS logo and the FIS Grand Prix logo have to be placed on all advertising and information medium as well as the indication to the FIS Grand Prix.

Basically the FIS Grand Prix logo and the official title have to appear in an attractive way on the following:

- Bulletin
- Invitation
- Posters
- Stickers / Car labels
- Start / Intermediate / Result lists and Analyses
- Accreditation
- Sign-boards, Info-overview

Beside an attractive design of the poster through a photo or graphic, the following "logo groups" are to be included:

Official logos (left or right on the top):

- FIS logo
- logo of the NSA
- logo of the Ski Club

FIS Grand Prix (on the free side on top):

- FIS Grand Prix logo
- Site and region

Sponsors / partners (on the bottom in a ledge):

- Event sponsors
- FIS Grand Prix logo
- Data & Timing Partner
- Advertising Agency
