## 2. The Competitors

### 2.1 Registration

- Each National Ski Association is requested to annually register their competitors.
- Competitors are registered by using the FOU System on the FIS website via the member Section: <http://www.fis-ski.com/>
- Change the status “active ” to “inactive” for all those competitors who should not be included on the FIS points list anymore. Competitors with the status “active” will be considered as registered for the coming season. Injured competitors must remain active with the FIS to maintain injury protection.
- Only competitors who have signed the Athletes Declaration as per ICR art. 203.3 may be registered for a FIS License.

The National Ski Association is responsible that they have appropriate insurance and have signed the FIS athlete’s declaration.

- Active (in the FIS points list): The status “active” remains also if athletes do not participate at a FIS event. Status changes from “active” to “inactive” can only be done between 01.06. and 31.12.
- Only competitors with an active FIS code are allowed to participate in FIS events. Entries are controlled by the Organiser and the FIS Technical Delegate.

#### **2.1.1** *First Registration*

At the time of first registration of competitors for the FIS points list, FIS points as well as already notified FIS Code numbers (see Art 2.2) must be controlled precisely.

If they are wrong the points and the competitions where they were earned, must be indicated.

#### **2.2** **Code Number**

Only competitors (Ladies and Men) with a valid FIS code can be admitted to the races.

#### **2.3** **Change of Nationality**

All competitors automatically lose their FIS points if they change their National Association.

In case of re-registration, after 12 months, by the new National Ski Association the FIS must be informed about this decision and a new inscription for FIS points has to be made (ICR art. 203.5.3, 203.5.4).

The point values for all scales are based on the same percentage points awarded as in scale 1000 for 1st, 2nd , 3rd , 4th , 5th , .....99th , 100th place in relation to the first place.

#### 4.1.2 Competition Levels and Corresponding Scales

##### 4.1.2.1 Level 1 competitions: Scale 1000

Olympic Winter Games, FIS Freestyle World Ski Championships, FIS World Cup events are considered level 1 competitions

##### 4.1.2.2 Junior World Championships are considered from scale 500 to scale 360.

##### 4.1.2.3 Level 2 competitions: Scale 500 to scale 50

##### 4.1.2.5 Level 4 competitions Scale 260 to scale 50

FIS International competitions are considered level 4 competitions

##### 4.1.2.6 Selection of the scale for level 2, level 3 and level 4 competitions

- The calculation for the FIS point level of an international competition is based on the average FIS points of the 5 competitors ranked highest on the current FIS Points List who have started in the respective competition. (decimal values always rounded up to a whole number: e.g. 380.4 = 381 points)

At an international Freestyle Skiing competition FIS points will be awarded if 5 competitors with or without FIS points have started and at least 3 have finished.

- No matter, if only 3 or 4 competitors have finished the competition, the division is always by 5. After the calculation of the average points, one of the scales which are listed under item 4.1.1 is selected.

| Average points | Entry points | Applied Scales   | Race levels |

| 230            | 211          | 220  | 2,3,4       |

## 4.2 FIS Points Calculation Process

### 4.2.1 Evaluated results

- For each new list the average of the best two results from the previous 12 months will be taken into consideration.

#### 4.2.2 *Recalculation during the season*

- For the first competition of each list period the FIS points will be recalculated.

#### 4.2.3 *Two or more results*

- If a competitor has two or more results in the previous 12 months, the FIS points will be calculated as follows:
  - Average of the two best results

#### 4.2.4 *Improvement During One Season*

- The points can be improved after each list period.

#### 4.2.5 *Deterioration between list periods*

##### 4.2.5.1 *No results*

- If a competitor does not have any valid results in the previous 12 months, but he has valid results in a previous FIS points list, these results will be reduced by 80 % per 12 months.

##### 4.2.5.2 *Deterioration between periods*

From one list to the next, a competitor cannot worsen his FIS point value by more than 40%

In case that the competitor's points should worsen more than 40% (accordingly to rules 4.2.5 and 4.2.6) a limit of 40% will apply.

##### 4.2.5.3 *One result*

If a competitor has only one result in the previous 12 months, the FIS points will be calculated as follows:

- Result minus 40 % with a maximum reduction of 80% (see no results)

#### 4.2.6 *Injury status*

- Each National FIS Ski or Freestyle Association must apply to the FIS within 3 weeks after an injury with the official form and a medical certificate so that the points will be frozen.  
The application of injury status is valid for one year after the 1<sup>st</sup> start.
- A competitor may have a maximum of 3 starts in one or more events in this injury period without losing this injury status.
- If a competitor has more than 3 starts, during this injury period, the FIS points will be calculated according to the normal FIS points rules.
- If a competitor has less than 3 starts the better result of the following two calculation methods will be considered:
  - a) normal FIS points calculation
  - b) reduction of 40%
- Competitors must remain registered as active with the FIS to maintain injury protection.

### **4.3 Professional Obligations or Military Service**

If a National Ski Association submits an application for a “study or military status” certifying that a racer will not be able to compete due to professional obligations (studies) or military service and has indicated why and how long the competitor was prevented from racing, the procedure will be handled according art 4.2.6.

#### *4.3.1 Applications*

Applications for status due to professional obligations or military service must be submitted to the FIS Office prior to the beginning of the professional obligations.

### **4.4 Anti-Doping Rule Violation**

A competitor subject to an anti-doping rule violation will have previously achieved FIS points deleted according to article 10.1.2 FIS Anti Doping Rules.
