Chief of Competition:

SPITZ Sandra (GER)

NOTES

How point scores are calculated:

An athlete is awarded 60 points for jumping the K-point distance. For every meter more or less than the K-point, a competitor has 2.0 points added or subtracted from his total. In addition, competitors are awarded points for style (for flight and landing) up to a maximum of 20 per judge. Five judges score each jump, with the highest and lowest scores disregarded and the scores of the other three aggregated and added to the competitor's points for distance.

Calculation of the Time Difference in Individual Events:

The amount of time that a competitor must wait before starting is calculated by converting the number of points behind into time. Each point behind is equivalent to 4 seconds of wait time, 15 points behind means a competitor starts one minute later than the competitor in front of him.
