#### **Quotes:**

**Christoph Bieler (AUT):** "I am so happy! That I could win in Lillehammer gave me quite a lot of satisfaction, because I waited so long for my first victory. That I could now win again in front of a home crowd is even greater! My jumps were just perfect and the was also not to bad which was why I already had a good staring position for the jumping! Hopefully I am able to show such a good performance tomorrow again, but I am now quite confident about that. "

**Anssi Koivuranta (FIN):** "I am really satisfied with my presentation today. The skiing went alright and I had quite a good staring position for the jumping. My first jump was already really good, but the second one was almost perfect. Unfortunately for me, Christoph jumped half a meter longer than me and could claim the victory for himself. I now hope that I will have such a good day again tomorrow."

**Maxime Laheurte (FRA):** "It`s unbelievable! My third place in Lillehammer already felt as in a dream, but that I could be again on the podium today...unimaginable! The skiing already went quite well for me, so the starting position for the jumping was really good. I am also really happy about my jumps. Yesterday in the training, they were not so good. That is why I didn`t know exactly what I could expect from the competition. I hope that I can show such good jumps tomorrow again!"
