FIS Technical Delegate (TD):	Chief of Competition:
DUFTER Thomas (GER)	CSAR Guenther (AUT)

NOTES
Calculation of the time difference in individual events
 The amount of time that a competitor must wait before starting is calculated by converting the number of points behind into time. Each point behind is equivalent to four (4) seconds of wait time. 15 points behind means a competitor starts one (1) minute later than the competitor in front of him.
Wave
 To prevent significant start time differences, the Jury can decide upon the use of the "wave start". The competitors start in groups at ten (10) second intervals. At the end of the event their time differences calculated from the Ski Jumping competition are added to their finish times from the Cross-Country race.
