

New Invitation for Fis Speed skiing World Cup Salla 2019

Dear Speedski friends,

We delayed the Salla World Cup competition program in one day. The decision was made due to the tight transition schedule from Idre to Salla. The new program begins with free training on Monday, February 11th, and then continues with a one-day delay compared to the original program. Please see new invitation and program.

We made this decision together with FIS Speed Ski Committee.

We apologize if this change causes problems for any team, but we believe that everyone has take into consideration of the opportunity of the reserve day (14th Feb.).

Best Regards

Kari Koskimaa
Chief of Race
