## GENERAL INFO

This year's edition of the Ski World Cup in Alta Badia will take place exclusively behind closed doors, without any live audience. Only people with accreditation will have access to the event. All participants will be registered on our EventBuilder System with full name, phone number and group/bubble affiliation.

The following people will be granted access to the event:

Accreditation		
<b>RED GROUP/BUBBLE</b> Athletes, Trainers, Team Support Staff, Equipment Service, SRS, FIS, Timing and Data Service	350 Pax	Negative Covid test (result of PCR/antigen to be uploaded on FIS Passport) + on site rapid antigen test.
<b>YELLOW GROUP/BUBBLE</b> Media (Broadcasters, Photographers, Journalists)	200 Pax	Negative Covid test (result of PCR/antigen to be uploaded on FIS Passport) + on site rapid antigen test.
<b>BLUE GROUP/BUBBLE</b> Local Organising Committee, Officials, Personnel, Workforce, Volunteers, Suppliers	400 Pax	Part of the STAFF, at the discretion of the Organiser, will have to undergo a rapid antigen test.
<b>Total</b>	<b>950 Pax</b>	<b>tbc</b>

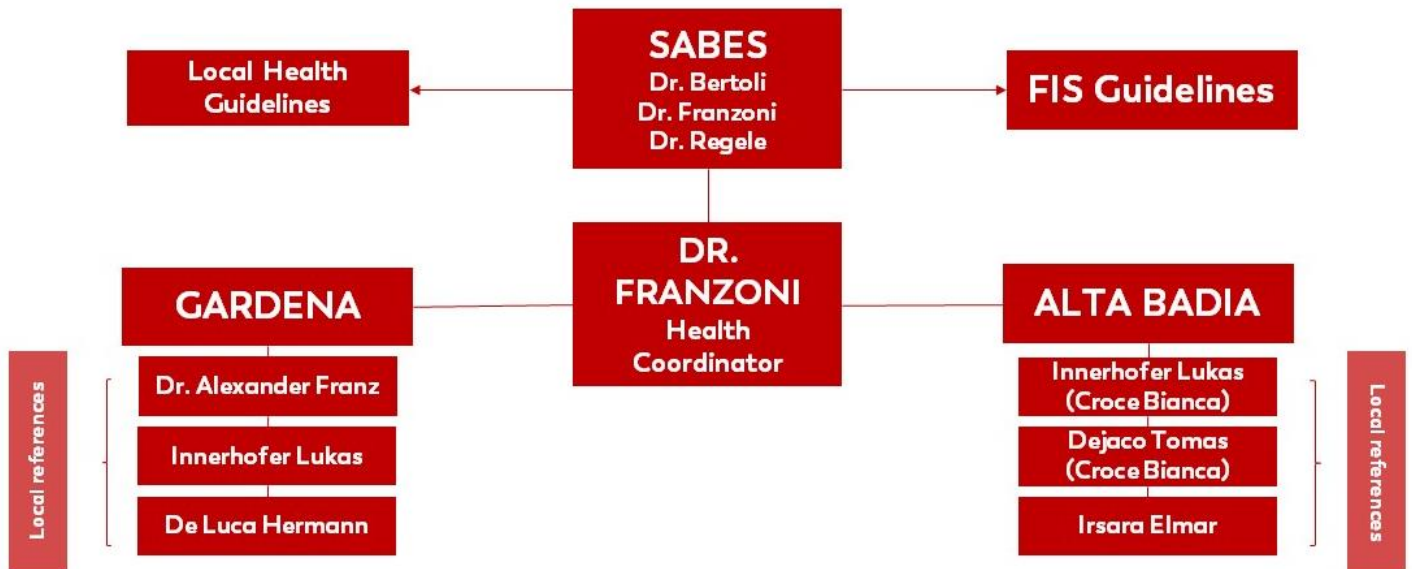

**In addition to the accreditation, every member of the red and yellow group will get a dedicated armband associated to the correct bubble to guarantee straightforward identification.**

It is expected that all population groups and persons make their own arrangements to have an up-to-date PCR test or antigen test result and have it updated on the FIS Passport before arrival at the Event, to facilitate their access and accreditation. More details will be listed below.

The whole event will be equipped with the necessary safety devices (dispensers, information signage) according to the current legislation. An outside firm, specialised in health care and supervised by the OC and the local health authorities, will be entrusted with such aspect.

Every single environment/area will constantly be cleaned and sanitized by professionals. All accesses will be under surveillance by security.

Take care about your behaviour and act as a role model during the whole event!

- **Daily health self-reflection** (If you feel sick: report it (procedure below) and stay in your room)
  - Do not travel to the event venue if you feel sick or have any COVID-19 symptoms
  - Temperature will be measured every morning by access control before entering the event
- **Hygiene**
  - Wash your hands regularly and properly
  - Use provided disinfection dispensers regularly and properly
  - **Wearing of masks/mouth-nose face covering mandatory in all areas**
  - Avoid handshaking
  - Cover your mouth and nose with your bent elbow or tissue when you cough or sneeze
- **Avoid contacts**
  - Direct contacts should be limited as much as possible. This applies also for time off the venue!
    - In case of contacts, the general rules and national regulations of distancing and wearing masks must be respected and followed
  - Maximise distance between you and people from different “bubbles”
- People from Red & Yellow Bubble, who wish to access the Event must have and present a negative Covid-19 PCR Test or a negative Antigen Test carried out prior to arrival at the Event for the first time.
- **It is expected that all population groups and persons make their own arrangements to have an up-to-date PCR/Antigen test result on arrival at the Event, to facilitate their access and accreditation**
- **PCR/Antigen test results may not be older than 72h**
- An antibody positive serological blood test will not be recognised as a valid test result
- **Violations will be treated strictly**

# ACCREDITATION

## ACCREDITATION PROCEDURE (PRE-EVENT)

Every person requesting accreditation for the event is required to report, by filling out a registration form, the state of health before arrival on site.

The procedure will be divided in three different stages:

### Stage 1 – accreditation request

- Red Bubble: All members from the Red Bubble will have to apply to the event through the usual FIS Entry Form.
- Yellow Bubble: Members from the Yellow Bubble will have to submit the accreditation request to the organizing committee by using the Event Builder WEB registration form available at the following link: <https://my.eventbuilder.it/myopportunities/c3523a09-3575-41bc-a790-f2145d20e070>
- Blue Bubble: Members from the Blue Bubble will have to submit the accreditation request to the organizing committee directly.

The assessment outcome will be communicated through an email sent to the address indicated on the registration form.

### Stage 2 – Gathering of COVID 19 information

- Red and Yellow Bubble: Every member of the Red and Yellow Bubble will have to have a negative PCR-Test/Antigen-Test result and have it uploaded on the FIS Passport.
- Blue Bubble: The EventBuilder-Covid-19 form allows the gathering of data obtained through the compilation of the form submitted to all accredited people whose request was accepted in stage 1.  
The information to be collected will be aligned with the guidelines and specific needs of the National Health Authorities. Among the collected data there will be information regarding date of arrival and date of departure in order to be able to administer the scheduling of Covid-19 rapid antigen test.

All data will be collected in a reserved area on EventBuilder. Given the nature of the collected data, access to the reserved area is granted only to specific users whose involvement is fundamental (e.g. health-care provider). The gathering, usage and retention of personal data will be regulated in accordance to the GDPR.

The compilation request will be sent via email or WhatsApp to all people requesting accreditation.

## ➤ Groups

The requested forms can be compiled according to the following methods:

- Every single person declares its own state of health
- The declaration of the state of health of the whole group is charged to the one person who is responsible and authorised by the group

## Stage 3 – Onsite workflow; Procedure for accreditation pick-up

People, who requested accreditation – stage 1 – and got through stage 2, will get an appointment via email/SMS to undergo the rapid antigen test.

The OC's person in charge will evaluate the test and issue the final approval to pick-up the accreditation (Procedure below).
