TRAVELLING TO ITALY

Please check the following link <http://www.viaggiasesicuri.it/> and complete the questionnaire https://infocovid.viaggiasesicuri.it/index_en.html

If you are a citizen of a country for which the entry in Italy is forbidden or quarantine is required you will need to submit a test (PCR or antigen) to check the state of health. Athletes, coaches and judges are allowed to take part in international sport competitions on the Italian territory with a test with a negative result carried out no later than 48 hours from arrival in Italy.

ANNEX TO THE STATEMENT OF REASONS ANTI-COVID REGULATIONS FOR RETURN FROM ABROAD

For more detailed information and links to regulatory measures, please visit www.esteri.it

The Italian legislation provides lists of countries for the return from which are in force different restrictions on entry into the national territory, also in relation to the date of entry into Italy, as specified below:

A - Vatican City and San Marino: no restrictions.

B - States and territories with low epidemiological risk that will be identified, among those listed in List C, by order of the Minister of Health in agreement with the Minister of Foreign Affairs and International Cooperation. Those who enter Italy from these countries must only complete a self-declaration, indicating the countries in which they have stayed in the 14 preceding the entry and the reasons for the move. Currently no State is included in this list.

C - Austria, Belgium, Bulgaria, Cyprus, Croatia, Denmark (including the Faeroe Islands and Greenland), Estonia, Finland, France (including Guadeloupe, Martinique, Guyana, Réunion, Mayotte and excluding other territories outside the European continent), Germany, Greece, Ireland, Latvia, Lithuania, Luxembourg, Malta, Netherlands (excluding territories outside the European continent), Poland, Portugal (including the Azores and Madeira), Czech Republic, Romania, San Marino, Slovakia, Slovenia, Spain (including territories in the African continent), Sweden, Hungary, Iceland, Norway, Liechtenstein, Switzerland, Andorra, Principality of Monaco.

Those who enter Italy from a List C Country (without transits or stays during the previous 14 days in Group D, E Countries, including the United Kingdom and Brazil, for which the respective disciplines apply) must communicate its entry/return to the Italian territory to the Department of Prevention of the local Health Company of reference. It must also present a certificate that it has undergone, within 48

hours prior to entry into the national territory, a buffer (molecular or antigenic test) negative result (who will not submit on arrival in Italy will have to undergo fiduciary isolation).

There are exceptions to the requirement to carry out the swab, which are reported at the bottom.

D - Australia, Japan, New Zealand, Rwanda, Republic of Korea, Singapore, Thailand: those who enter Italy from these countries will have to complete the self-declaration and undergo fiduciary isolation and health surveillance for 14 days, reaching your final destination in Italy only by private or air connection (without leaving the airport transit areas). Exceptions to the isolation requirement are provided for, which are set out at the bottom.

E - All States not listed in the other lists (except the United Kingdom of Great Britain and Northern Ireland and Brazil, for which special rules are set out below): Italian/EU/Schengen nationals and their family members are allowed to enter from these countries, and to holders of long-term resident status and their family members (Directive 2004/38/EC). Entry is also allowed to persons who have a proven and stable relationship with Italian/EU/Schengen/long-term residents (even if they do not live together), who must reach the home/domicile/residence of the partner (in Italy).

For those who do not fall into the categories just mentioned, entry from the countries of group E is allowed only if there are precise reasons, such as: work or study needs, health reasons, absolute urgency, return to your home, dwelling or residence.

You can reach your final destination in Italy only by private or air connection (without leaving the airport transit areas).

It is also necessary to complete the self-declaration and undergo fiduciary isolation and health surveillance for 14 days, reaching your final destination in Italy only by private or air connection (without leaving the airport transit areas). Exceptions to the isolation requirement are provided for, which are set out at the bottom.

Exceptions to the isolation requirement are provided for, which are set out at the bottom.

Exceptions to isolation or buffering requirements

- the entry of athletes, technicians, judges, competition commissioners and accompanying persons for participation in competitive sports competitions - recognized as of pre-eminent national interest by a measure of the Italian National Olympic Committee (CONI) and the Italian Paralympic Committee (CIP) - which, in the 48 hours before entering the national territory, underwent a molecular or antigenic test, carried out by means of a buffer and negative result.

Specific rules for the United Kingdom of Great Britain and Northern Ireland

In the case of stays or transits in the United Kingdom within 14 days prior to entry into Italy, the latter is only allowed to those who have their personal residence in Italy from before 23 December 2020 or who have a reason of absolute necessity (it is necessary to specify in the self-declaration the reason for returning to your residence or that of absolute necessity). In these cases, entry into the national territory is allowed according to the following rules:

- a) an obligation to certify to the carrier on embarkation and to any person responsible for carrying out checks that he has undergone a molecular or antigenic test within 72 hours prior to entering the national territory, carried out by means of a negative result swab;
- b) an obligation to undergo a molecular or antigenic test, to be carried out by buffering, on arrival at the airport, port or border location, where possible, or within 48 hours of entering the national territory at the local reference health establishment. In the case of entry into the national territory by flight from the United Kingdom of Great Britain and Northern Ireland, the buffer shall be carried out upon arrival at the airport;
- c) an obligation to undergo, irrespective of the outcome of the test referred to in point b), health surveillance and fiduciary isolation for a period of 14 days at the dwelling or dwelling, upon notification of their entry into the national territory to the Department of Prevention of the health company responsible for the territory.

The crew and crew of the means of transport of persons and goods shall not be bound by the obligation of fiduciary isolation (unless symptoms of COVID appear), but shall in any case undergo a molecular or antigenic test, to be carried out by buffering, at the time of arrival at the airport, port or border location, where possible, or within 48 hours of entering the national territory at the local health holding of reference.

Specific rules for Brazil

From 16 to 31 January 2021, persons who have stayed or transited through Brazil during the previous 14 days (except for those who were on an indirect flight to Italy which began on 16 January 2021) shall be prohibited from entering and transiting through the national territory.
