04 During the Competition***

The Snowpark area will be closed to the public and used exclusively for the competition. The organizers will try to avoid the presence of personnel who are not essential for the start-up and development of the competition.

Competitors will be organized in Heats of a maximum of 6 participants and a schedule will be provided for each Heat. Composed of 2 or 3 rounds of training for each competitor + 2 or 3 rounds of Classification or Competition (depending on the number of participants).

During the competition the DCP and all the Competition Staff will ensure compliance with the social distancing and hygiene measures

Distanciamiento social y medidas de higiene.

- Respect at all times a social distancing of 1.5 meters, and in no case, less than that established as mandatory by the competent authorities.
- Strict distancing measures must be applied between athletes and other groups of people who are in the sports facility or space where the competition takes place.
- The use of a mask by athletes during their round, whether training or competition, is voluntary.
- It is mandatory that all athletes and other team members (technicians, assistants, refereeing teams, etc.) use masks while they are not within the competition area, except for the coach when he is giving instructions to his athletes.

06 Recommendations that must be complied with****

Recommendations for participants, team members and sports delegations:

•At family and social level:

- Comply with social distancing.
- Avoid displays of affection and, affection that imply physical contact with third parties outside the usual environment of coexistence who may belong to a risk group.
- Reduce the number of contacts to the usual circle and reduce the number of people in social gatherings (less than 10 people recommended)
- Use of the mandatory individual mask at all times.
- Maintain exquisite hand hygiene with frequent washing with soap and water correctly.
- Use of hydroalcoholic solutions if hand washing with soap and water is not possible.
- Avoid touching your eyes, nose and mouth with your hands.
- If you suffer from sneezing or coughing, move away from anyone and cover yourself with your arm even wearing a mask or use disposable tissues, with subsequent hand washing

•At the training level:

All of the above in an individual scope and, in addition:

- Maintain a unidirectional flow that avoids crossing with other people.
- Keep the minimum distance in the changing room or space provided for this purpose.
- Change, and if it is not possible to clean, street shoes with which you access the sports facilities.
- Never use the same footwear used in the street to compete in competition and / or training. Mandatory change of footwear.
- Maintain hand hygiene when going to change.
- Place street clothes in a bag and handle them exclusively by the person concerned. Do not leave street clothes hanging in the changing room or designated space. Keep it all in a bag.
- Wear clean clothes in each training session or competition, collecting them and washing all the used ones.
- Individual washing of sportswear is recommended.
- Collaborate in the cleaning and disinfection of all the material used for the development of sports activity.
- In situations of physical exercise, the recommended distance when there are moments of hyperventilation (breathing more times and with greater intensity) would be 5-6 meters with colleagues.
- After finishing the training sessions, avoid coinciding with other participants, establishing a sufficient time frame to carry out cleaning or disinfection tasks
- Do not share drinks, or water bottles, as well as all those utensils for personal use (mobile phones, tablets, sports bags, etc.).
- Establish a sequence in the scheduling of sessions. In the case of team sports, it would go from individual physical, technical, mini-group physical, technical, tactical, to small groups physical, technical, tactical, until being able to train the whole group, without contact, and if the situation allows.
- Be very careful with medical and physiotherapeutic treatments to apply to athletes.
- Maintain strict medical control of each athlete.

•At competition level:

All of the above from the individual and collective preventive recommendations and, in addition:

- Avoid greetings and displays of affection, by other forms of contact.
- Scrupulously control the maintenance of hygiene and disinfection of the facilities and implements necessary for sports practice.
- Avoid physically coinciding with other teams or other athletes on arrival and departure from the facilities.
- If the use of changing rooms is necessary, essential means/necessities must be enabled to maintain safety distances, and if this is not possible, establish shifts. This is applicable to referee teams and competition judges.
- Do not share bottles of water or any other liquid; these must be exclusively for individual use.
- Do not share the essential/necessary implements for the practice of sport.
- Be extremely scrupulous with all health, medical and physiotherapeutic care before, during and after competition.
- Have all the sanitary guarantees of all participants, including officials, referee teams and other people who participate in the development of the match.

The teams, clubs or athletes will limit the number of people who, without being completely essential, share spaces with the athletes.

At the same time and as far as possible, personnel in direct contact with athletes and / or coaches will not be shared between different teams, clubs or athletes.

The organizers will try to avoid the presence of personnel who are not essential for the start-up and development of the competition.
