Responsibility of all Persons:

Testing prior to arrival at Event / Venue:

Every person who wishes to access a FIS World Cup event must have and present a negative Covid-19 PCR Test (saliva/swab test) result before arrival at the Event for the first time and complete a questionnaire.

Onsite testing will be available during the event at the expense of each Team. More details on this testing will be provided to the Team Leader prior to arrival.

4. Inbound Travel- National Interest Exemption Waiver

The Department of Homeland Security (DHS) has issued a National Interest Exemption to the existing travel restrictions for essential international staff and athletes participating in international sports federation events. Customs Border Protection (CBP) asks that we keep each entourage as small as possible. This exemption waiver will alleviate the need for any quarantine period when entering the U.S.

- As of September 20th the exemption provides access to the U.S. for individuals traveling from countries impacted by the geographic presidential proclamations. It will cover the entire Schengen region. (China, Iran, Europe's Schengen region, the United Kingdom/Ireland, and Brazil)
 - **This also includes anyone that is transiting through these countries**
 - **LOC will require a waiver from all participants, even those outside the Schengen region.**
- The waiver does not exempt individuals from standard entry requirements, including **visa (B1 or B2 tourist/business)**, passport, and any other necessary documents.
- All inbound travel must enter the US through the 15 designated airports (see next page).

National Interest Exemption Waiver will be distributed to the Team Leader after provisional entry is submitted. Waiver must be completed and accompany final entry due **Nov 23, 2020.**
