Testing protocol by LOC or host country

There are no restrictions for event or daily life in Norway after 25 September. If there are changes, the LOC will provide necessary information.

The event will be organized according to FIS Covid-10 Prevention Guidelines and Norwegian laws and requirements.

According to these guidelines all participants need to be aware of the following:

Needed documents for accreditation:

1. Completed FIS Passport registration
 2. Upload the PCR test not older than 72h in the FIS Passport
- Entry to Norway requires a EU/EEA approved Covid certificate (vaccinated or previously infected) or arrival from a country/area with low infection rates defined by the Norwegian authorities. All other persons will be assigned a test slot and are subject to quarantine according to the Norwegian requirements at the date of the event. For the moment this demands antigen test every day for the first three days and then a PCR minimum 72 hours upon arrival. These tests will be organized by the LOC. For the first three days in Norway these persons also must stay in single rooms and are subject to quarantine at all times except during training, competitions and other parts of the official program.

Please read the Covid-19 test and infection control protocol here: <https://bit.ly/3wNZpXg>

Prices for testing:

Antigen testing: EUR 60

RT-PCR-test: EUR 150

RT-PCR is a good PCR, but with fast response time

Testing upon departure from Lillehammer:

We will offer this on Saturday 4th and Sunday 5th December. There may be some limited analysis capacity, but we are working on an opportunity to be able to offer this to everyone.
