## Covid-19 measures

The local organising committee, together with the National Ski Association Swiss-Ski, is currently drawing up the generally applicable guidelines and measures for the organisation of World Cup events in Switzerland.

### General Remarks

- Masks are compulsory in all official areas and accreditation zones.
- As of today, admission to the site is only valid with a valid Covid certificate.
- No free / unofficial trainings are offered.
- The FIS Ski Jumping World Cup Engelberg 2021 will take place with spectators and with FIS family members.

### Entry into Switzerland

- All participants involved, in particular the national ski federations for the participating athletes, coaches and support staff, are responsible for their own entry into Switzerland.
- Everyone entering Switzerland must present an entry form. If you are not vaccinated or recovered, you must also show proof of a negative test. Please contact the Swiss foreign representations in the respective country early enough.
- Travellers by air are recommended to inform themselves about the local regulations at the Swiss airport of arrival before departure.
- Passengers travelling by public transport (e.g. train) are subject to the general obligation to wear a mask on the entire rail system from the Swiss national border at the latest.
- For travellers with individual transportation (private car or team bus) there are currently no further protective measures apart from the general rules of conduct.

### Arrival to and departure from Engelberg

- Arrival to and departure from Engelberg, with the exception of the organised airport transfer, is done individually and is basically at your own responsibility.
- Generally avoid intermediate stops on your way to and from the airport. If, however, stopovers are unavoidable, the respective country-specific safety measures must be followed.
- The airport transfer to and from Engelberg is organised by the organiser and is primarily provided by an appointed taxi company. The Swiss taxi companies follow the national public transport regulations. Apart from the general rules of conduct, they have no restrictions on the limited number of people they can transport.

### Support

The national association Swiss-Ski is currently examining the possibility of a standardised entry regulation to Switzerland for athletes, trainers, coaches and officials. The local organising committee FIS Ski Jumping World Cup Engelberg 2020 is making every effort to provide all participating national ski federations with the best possible support for entry. Currently, the [general entry regulations of the Federal Office of Public Health \(BAG\) apply](#).
