Note: **Calculation of the time difference in team events:**
 The start time difference for each team is calculated by converting the number of points behind into time. Each point behind is equivalent to 1.333333 seconds; a team 45 points behind will start with a time difference of one minute.

Wave:
 To prevent too large start time differences, the Jury can decide upon the use of the "wave start". At the end of the Cross-Country race, the actual time difference after Ski Jumping will be adjusted accordingly.

Performance:
 A rating is calculated for the Ski Jumping and Cross-Country elements for each athlete during the World Cup season.
