Note:

Calculation of the time difference in individual events:

The start time difference for each athlete is calculated by converting the number of points behind into time. Each point behind is equivalent to 3 seconds; an athlete 20 points behind will start with a time difference of one minute

Wave:

To prevent too large start time differences, the Jury can decide upon the use of the "wave start". At the end of the Cross-Country race, the actual time difference after Ski Jumping will be adjusted accordingly
