15:30	Prize Giving Ceremony	Bündä stadium	15 Dec - WC Women's 30k

Logistical information

The cross-country ski pass is being introduced in Davos this season.

We are celebrating our 50th jubilee this year and have put together a great social program.

There will be ceremonies on Friday and Saturday where we would like to involve the nations.

After the races on Friday and Saturday there will also be festivities with concerts.

You are warmly welcome to join us in making our anniversary unforgettable.

Accommodation

All hotels are in the immediate surrounding area and can be reached within 5 to 20 minutes by foot or within 3 to 10 minutes by public transport or car.

Please report any changes immediately to davosnordic@davos.ch.

Accreditation

We have checkpoints throughout the stadium where the badge must be presented to gain access to the stadium.

Athletes do not have to wear a badge, the bib is also sufficient.

Please note that there may be waiting times if accreditation has to be carried out on site at short notice.

Please note that all persons who need to be accredited must be notified to the LOC.

Transport

The official airport is in Zurich, we will organize the transports from there to Davos and from Davos to Zurich airport.

Please understand that we will combine smaller groups in order to make the best use of resources and also for reasons of sustainability.

Transportation can be booked on site at the Race Office. Please note that it is better to book in advance. There may also be waiting times on site.

Reimbursement

Please pay the entire hotel bill. We will then settle the nation support, red group, accommodation and transportation after the event.

Prize money

Please make sure that the account details have been entered correctly in the system so that we can initiate the payment correctly.

Waxing facilities

The Stilli waxing area is unchanged from previous years.

We would be grateful if we knew in advance the times of arrival with the wax trucks so that we can coordinate this well.

Medical Service & Health protection plan

As in previous years, we will have a medical service on site together with Dr. Walter Kistler and Samaritans.

Special permissions for truck driving (Sunday and night, other days with special regulations)

[Ban on driving at night and on Sundays](#)

In Switzerland, trucks are prohibited from driving at night and on Sundays. The night driving ban applies from 10 pm to 5 am. The Sunday driving ban applies on all Sundays and on New Year's Day, Good Friday, Easter Monday, Ascension Day, Whit Monday, August 1st, Christmas Day and St. Stephen's Day. If one of these days is not celebrated in a canton or part of a canton, it does not apply in that area.

The ban on driving on Sundays and at night applies to all motor vehicles with a gross vehicle weight of more than 3.5 tons, articulated motor vehicles with a gross train weight of more than 5 tons and vehicles carrying a trailer with a gross vehicle weight of more than 3.5 tons.

If driving on a Sunday or during the night cannot be avoided, an [exemption permit can be applied for](#). The canton in which the vehicle is registered or in which the journey requiring a permit is to begin is responsible for this. For journeys from abroad to Switzerland, the canton of entry is responsible.

FIS Cross-Country World Cup
