TARVISIO2025

Dear snow friends

It is with great pleasure that we invite you to the **44th Edition of the FIS Alpine Junior World Ski Championships** in Tarvisio, Friuli Venezia Giulia – Italy.

It is a great honour to host from the 24th of February to the 6th of March 2025 the most important junior world event for alpine skiers, where the world's elite young skiers will compete for the titles in six alpine skiing events: downhill and super-G for speed and technical events such as giant slalom and slalom as well as team events (such as parallel and team combined).

Tarvisio, which has the special honour of hosting the FIS Junior World Ski Championships for the second time after 23 years, is also known for great national and international winter sports events held on the famous Di Prampero slope. Together with the Priesnig B it is one of the slopes chosen to host competitions, one of the most technical and interesting in the Alps, immersed in a natural environment of rare beauty.

Tarvisio and the whole Friuli Venezia Giulia region are looking forward to welcoming you to this unforgettable event and are proud to be able to offer the young athletes the best possible experience.

We love what we do and we love skiing!
