Medical Plan - PARA Race 2026

Dear Medical Providers!

We are excited to welcome you to Saalbach Hinterglemm as part of PARA Races. In order to make your orientation and the transmission of information as easy as possible, we have created this medical guide that summarises all the information that you may need for your stay in Saalbach.

As the Event Medical Director, I am confident we will provide a safe race with exceptional medical care. We have an excellent team of highly experienced physicians, therapists, nurses, athletic trainers, ski patrollers and first responders.

In addition, our event staff has fully integrated Organizer Medical Support Requirements for PARA Skiing and in some facilities.

Sincerely,

Event Medical Director

Event Vice Medical Director

Meetings

First Team Doctors and Medical Providers Meeting will be held on:

Saturday, January 11, 2026 9:00am at Finish Area 12er Kogel

Medical Organization

The general coordination is led by the Event Medical Director.

Along the race course there is one Doctor with medical equipment and two position with rescue sledge.

Evacuation of the hill

The Event Medical Director has a direct communication line with the Race Director and acknowledges if all medical personnel are ready for race after the injured athlete has been evacuated.

The safety of athletes, patients, course workers, patrollers and spectators is paramount.

Patients with multi-system trauma or severe injuries may be taken to a landing zone or will be directly flown off by a helicopter by rope-rescue.

The landing zones will be pre-determined along the race course. The decision on the mode of transportation is made by the physician of the trauma team in coordination with the Event Medical Director.

Medical Facilities

On top of the course there is a medical room for athletes' needs prior to competition.

Close to the finish area and in good connection to the transport system we offer a medically well-equipped and heated facility for initial triage and minor issues which is separated from the medical room and services for the spectators.

Attached is the course map with all medical places of interest.

For further questions do not hesitate to contact the Event Medical Director.
